HAPPY VALENTINE'S DAY!

We Love Our Customers!

We would like to take this opportunity to let you know how much we appreciate your business!

It's Still Raining...

The weather forecast calls for more rain in the next several days.

We are doing our very best to get out to everyone as quickly as possible.

Stay safe out there!

Call us for your water damage needs! (949) 361-4100

24/7 emergency service. You will always reach a live dispatcher.

Water Damage Tip: What Can

You Do Until Help Arrives?

Always make sure the area is safe first. Stay out of rooms where ceilings are sagging. Remove excess water using buckets or mopping with towels. Gather loose items from floors and wipe down wood furniture.

Wait for help to arrive and let the professionals handle the rest!

DO NOT do the following:

- Leave wet fabrics in place
- Use a vacuum to remove water
- Use ceiling fixtures or other household appliances if water is present
